Delivery Models

With the aim of delivering excellence in our each step, we blend traditional and modish methods to unique approaches of developing top-notch solutions. We work with the motive of leaving long-lasting impressions with services that stands out.

Offsite Delivery Model

Enable clients to leverage the advantage of dedicated or on-demand skilled resources.

Offsite / Offshore Delivery Model

Control development process distributed between offsite center & offshore devlopment center.

Offshore Delivery Model

Provide benefits to clients in need of extended team in offshore development center.

Global Delivery Model

Real time control of the project as per comfortable time zone for complete monitoring.

Hybrid Delivery Model

Combination of onsite and offsite models for optimum results and performance.

Onsite Delivery Model

Expert team working onsite for developing products or solutions at client location.

Flexible Engagement Model

Center Of Excellence (COE)

Competitive Pricing

Engagement Practices

Fixed Cost Model

If your company or you has a fixed set of software development requirements or ideas for creating new solutions or services, then the fixed cost model will be the best suited for you.

Hourly Model

If you or your company has software development requirements that would demand adopting changes and flexibility, then hourly model is best suited for you.

T & M Model

You can hire our dedicated resources as well. They will only be working on your project. A daily timesheet of your work will also be submitted to you. Even though you hire dedicated resource.

Partner With Us

You can also Partner with us for your growth, diversification on a mutual benefit basis. We will give you qualified and experienced professionals with sound domain knowledge.

Managed Offshore Development

Project big or small, we are entitled to it from the beginning.

INFONEO® technologies

Contract
We come under contract with clients after gaining complete insight into their projects.

1

Concept
We work out the work details and define timelines and milestones based on requirements.

2

Working Hours
We deliver 8hrs a day and 5 days a week. Effectively 170Hrs of work a month.

3

Discuss/Interact
We schedule regular scrum meetings & discussion sessions to keep you in the loop.

4

Deadlines
We work on defined deadlines based on milestones and get the delivery as committed.

5

Deliver
We make a complete delivery of work done based on assignments with testing and then deploy.
